Young People's Index - Identifying and developing 21st Century skills and learning how to use your own unique skill set to complement others' as a part of a team.

Language Gymnastics - Perfecting pronunciation - a workshop designed to develop more confidence and natural sounding speech.

STAGE 1 PROJECT

Spreading the word - a short, multi-layered project around the keys to developing a successful social awareness campaign on social media. Incorporating research around existing posts, viral videos and the impact of social media, with the result of using it to create a social awareness campaign for a cause they felt a strong connection to.

From working on and presenting the project students learned 'how to organise myself,' (Marta), 'how to work really well in a group' (Lucia) and 'to speak in public'. (Ashley)

STAGE 2 PROJECT with Bournemouth Hospital Charity

Students were briefed by Bournemouth Hospital Charity to create a series of fundraising events, the first of which they would promote and host themselves. The money they raised would go directly towards specialist equipment for the Speech and Language Therapy department to directly improve the quality of life of real patients. They were given space in the hospital foyer and chose to hold a bake sale and raffle along with a live acoustic set to promote the stand.

The research and marketing leading up to the event included careful analysis of other successful local and national fundraisers and they used different media to promote the event including two of the students appearing on a popular local radio station, 102.8 Hot Radio, to explain about the project and the Future Success course.

COURSE SUMMARY

The project was a great success, with Bournemouth Hospital Charity expressing their gratitude for the students' efforts on raising over £400 in a single day. The senior corporate fundraiser, Maria Tidy, likened their efforts to those of older students on specialised events management courses with much larger budgets and time frames.

For the students, the course itself was also a success with them taking full advantage of the workshops and projects to develop skills, as well as the opportunity to directly interact with the charity, the public and have a positive and genuine impact on the lives of people.
