

At Capital School of English we place a lot of importance on learning the language from an early age. To this extent we have created some fantastic courses for young learners and Junior Groups.

By creating a programme specifically designed to fit in with your current studies the school's aim is to help your group to get the greatest benefit from your visit to the UK. This is why it is so important to us that we start talking about your groups' needs and expectations from an early stage. To this end we encourage Group Leaders and Parent Representative's to visit the school, if possible, to see what we offer and to discuss the groups' specific needs.

At all times it is important that the courses are designed to be fun and interactive with the emphasis on vocabulary, pronunciation, speaking and listening, designed to meet the exact requirements of the group.

- **Study in a multi-cultural environment**
- **Build understanding and create international friendships**
- **Social Organisers to make the 'out of class' activities as rewarding as the English lessons including:**
 - Volleyball • Football • Bowling • Table-Tennis • Crazy Golf • Swimming • Adventure trails • Treasure hunts • Beach games • Karaoke • BBQ and much, much more

Juniors Programme

For the Summer we have acquired additional facilities at the nearby Arts Institute & Enterprise Centre - especially for the Juniors, providing a bespoke programme of study and activities, yet only 10 minutes from the main school and with easy access to Bournemouth's premier facilities.

Excursions

Whilst in the UK it's important that the students get to experience the cultural heritage of our language, therefore we run a number of trips, the most popular destinations include:

- London • Oxford • Bath • Winchester • Warwick Castle
- Stratford upon Avon • Salisbury • Stonehenge and Jurassic Coast

Accommodation & Welfare

We place a lot of importance on the hosting of all our students. We try to match individual students, who have their own requirements, with families selected by the school.
